## For Immediate Release

### Walnut Creek Work Group Cancels Final Meeting

Pinetop-Lakeside – December 5, 2011 – The Town of Pinetop-Lakeside has canceled the fourth meeting of the Walnut Creek Work Group, as it became apparent at the last meeting the mission was not as clear as perceived, and that the community may not be ready to move forward on this issue at this time.

“This has been a great process,” said Mayor Rich Crockett “and the Town will take what has been learned and build on it for the future.” The wants and needs of the community, which were identified by a committee picked for their expertise, will inspire future discussions. The Walnut Creek Work Group’s work will also be considered for future development of the other nodes in the community. The Town will continue to build community support, and may be able to come to a consensus as to how to accomplish all the worthwhile goals, and move this great community in the best direction possible.
